

Dear Sir/Madam,

Greetings from the Centre of Excellence in Cybersecurity (CySecK)! Empowering Karnataka with a Secure Digital Future.

The Centre of Excellence in Cybersecurity (CySecK), an initiative by the Government of Karnataka through the Department of Electronics, IT, and BT, established in 2017 and anchored within the Indian Institute of Science (IISc), Bengaluru, is dedicated to advancing cybersecurity innovation, skills, and entrepreneurship across Karnataka.

About Finishing Program Cohort 2

To bridge the industry-academia skill gap, CySecK has launched a specialized Finishing School Program, conducted in partnership with academic institutions across Karnataka. This is an intensive 4-week onsite training program designed to equip students with real-world cybersecurity skills, industry-driven training from experts at IISc & industry professionals. **The second cohort is planned to be conducted at PDA College, Kalaburagi.**

We invite your institution to participate in this initiative by nominating your top **10 students who are motivated to build their cybersecurity expertise** and explore internship & placement opportunities through this program.

Kindly request to nominate students, confirm your participation and provide the list of students in the following format:

please refer the excel spreadsheet provided below

Format of Program:

Mode: Offline / in-person at PDA College, Kalaburgi

Time: Every day 8 hours (9 am to 5 pm)

Period: 27th October to 18th November 2025

Please send the list at your earliest convenience to facilitate smooth coordination and ensure a comprehensive training experience for all participants. Also, we request you to **nominate some faculty from your institute as the SPOC (single point of contact) in this regard to take discussion forward.**

Last date to receive students' nomination: 18th October 2025.

For any queries or further information, please feel free to contact us.

Let's collaborate to build a secure and skilled digital ecosystem for Karnataka!

Regards,
